

# **NEW** Construction Heaters

**DCH4831L**

**EMC4240**

**Electromode Construction Heaters provide maximum durability anywhere portable heat is needed. The Enclosed Motor model adds protection against dust and debris, extending motor life.**

## **Features:**

### *Both models:*

- 4,800 Watt, 240 Volt for powerful heating
- Durable, stainless steel sheathed element
- 6 foot cord – stores around handle
- Built-in adjustable thermostat
- Running light indicates unit is operating
- High heat cut-out protection

### *Enclosed Motor (EMC4240):*

- Tip stand to angle heater up for dry out applications
- Enclosed motor for added durability

## **Applications:**

Rugged, high-performance Electromode Construction Heaters are great for:

- Job sites where excessive dust and debris are found
- Workshops and garages

*EMC4240 features enclosed motor and tip stand*
