BLAST HAND DRYER
Steel construction for compact, modern design with unsurpassed drying speed and long-lasting durability. Environmentally friendly, using less than 1/6 of the energy of conventional hand dryers.

BENEFITS
- Automatic infrared actuated sensor, for power conservation and maximum hygiene
- Robust, tamperproof design and construction for greater product durability and longevity in application
- High velocity (275 CFM) airflow for ultra high speed hand drying
- Automatic voltage switching for ease of installation
- Contributes to LEED and BOMA building certification
- Designed for easy installation

APPLICATIONS
Washrooms | Clean Up Areas | Commercial Facilities | Factories | Restaurants | Hospitals

SPECIFICATIONS
Voltage  Universal 120-240 VAC (50/60Hz)
Wattage  1450W at 6.3A (230VAC)
Color  White, Black, Brushed Stainless Steel and Polished Stainless Steel
Finish  Porcelain enamel
Heating Element  725W resistance coil
Construction  Steel
Controls & Wiring  Automatic resetting thermostat with cutout when airflow is restricted. Infrared sensor cutout two seconds after hand removal, and 60 seconds after initiating drying.
Installation  Removable predrilled baseplate for easy mounting
Warranty  10-years parts
