The stunning appearance of this European designed wall-mount fireplace will accent any room of a home. The gloss black and grey will fit contemporary décor or blend casually into a more traditional environment. The whisper quiet fan heater will add warmth to any 400 square foot room with ease.

Revolutionary ultrasonic technology is used to create the flame and smoke effect of the Dimplex Opti-myst®. As the mist rises up through the rocks, the light reflects against the water molecules creating a convincing illusion of flames and smoke. The result is an appearance so authentic it will be mistaken for a true wood-burning fire.
